MUTUAL LIFE INSURANCE COMPANY OF THE CITY OF NEW YORK—MORRIS ROBINSON, President. Having been appointed agent for the above named institution, I am prepared to receive applications for insurance on life for one or more years, or for the duration of life. The advantages of the mutual principle above the heretofore more usual joint-stock companies are so great that it is only necessary to understand the principles of its operation to give a decided preference to the mutual plan. A treatise on the subject and forms of application for insurance can be had at my store on 7th street, immediately opposite the National Intelligencer office. C. S. FOWLER, Agent.

Dr. Christie's Galvanic Rings and Mag-

netic Fluid.

THIS remarkable invention, which has received

the almost universal approbation of the medical

profession of Great Britain, as a remedial agent

by means of which the ordinary Galvanic Batteries,

Electric and Magnetic Machines, &c. are entirely

dispensed with, and the mysterious power of Galvan-

ism applied without any of the objections which are

inseparable from the general mode now in use.

The Galvanic Rings have been used with entire

success in all cases of rheumatism, acute or chronic,

applying to the head, face, or limbs; gout, tic-dole-

reux, toothache, bronchitis, vertigo, nervous or sick

headache, indigestion, paralysis, palsy, epilepsy, fits,

cramp, palpitation of the heart, apoplexy, stiffness of

the joints, spinal complaints, lumbago, neuralgia,

nervous tremors, dizziness of the head, pains in the

chest and side, general debility, deficiency of ner-

vous and physical energy, and all nervous disorders.

In cases of confirmed dyspepsia, which is simply a

nervous derangement of the digestive organs, they

have been found equally successful. Their ex-

traordinary effects upon the system must be witnessed

to be believed, and as a certain preventive for the

preceding complaints they are equally recommended.

The rings are of different prices, being made of all

sizes, and of various ornamental patterns, and can

be worn by the most delicate female without the

slightest inconvenience. In fact, the sensation is ra-

ther agreeable than otherwise.

THE GALVANIC BELTS, BRACELETS, BANDS, GAR-

THERS, NECKLACES, &c. &c.—These articles are

adapted to the waist, arms, wrists, limbs, ankles, or

any part of the body with perfect convenience. The

Galvanic Necklaces are used with greater benefit in

cases of bronchitis or affections of the throat gener-

ally; also, in cases of nervous deafness; and with

almost uniform success as a preventive for apoplexy,

epileptic fits, and similar complaints.

Christie's Magnetic Fluid is used in connexion

with the Galvanic Rings, and all their modifications.

This composition has been pronounced by the

French Chemists to be one of the most extraordi-

nary discoveries of modern science. Full explana-

tions and directions accompany it. The combined

inventions are in every way perfectly harmless; they

are at prices within reach of all, and the discoverer

only requests a fair trial, as a test of their surprising

efficacy and permanent benefit.

CHRISTIE'S GALVANIC STRENGTHENING PLAS-

TERS.—These articles form another valuable applica-

tion of the mysterious influence of Galvanism. They

are an important adjunct to the genuine Galvanic

Rings and their modifications, acting upon the same

principle, but having the advantage of more local ap-

plication. They are confidently recommended as a

valuable addition in the speedy cure of rheumatism,

acute or chronic; in all nervous complaints, and as a

positive remedy in cases of pain and weakness in the

chest or back, pain in the side, in asthmatic affections,

and in weakness or oppression of the pulmonary or-

gans. In spinal complaints their effects are of the

most decided character, and they have often been

used with complete success. They are also of the

greatest advantage in pains and weakness of the

breast, and are highly recommended for many of

those complaints to which females are especially li-

able. As an effectual means for strengthening the

system when debilitated with disease and other cau-

ses, as a certain aid in constitutional weakness, as

a preventive for colds, and in all affections of the

chest generally, the Galvanic Strengthening Plas-

ters will be found of great and permanent advan-

tage.

CAUTION. The celebrity and success of

these articles have caused them to be counterfeited

by unprincipled persons. Dr. Christie cautions the

public against spurious imitations.
